Engagement Models

We're Easy to Work With

Choose from the diverse range of available engagement options and partner with us. Yes! It's that simple and straightforward.

Fixed Price

The project is assigned a predetermined price based on the agreed-upon scope of work.

Hourly Contracts

The client pays based on the number of hours worked. It allows for flexibility in project scope.

Time and Material

The client pays for the actual time spent by the service provider, as well as the materials or resources used.

Core-Flex Teams

A fixed core team handles the essential project work, while additional resources can be added or removed based on project demands.
