

DATE: AUGUST 30, 2019  
TO: IT PROFESSIONAL SERVICE RFP RESPONDENT  
FROM: OAKLAND COUNTY INFORMATION TECHNOLOGY  
RE: IT PROFESSIONAL SERVICES RFP – SELECTION RESULTS

On August 30, 2019, the Oakland County Information Technology (IT) Department, in conjunction with representatives from the Oakland County Purchasing Division, completed the review of seventy-seven (77) Professional Services Request for Proposals (RFPs). In summary, the review team evaluated, ranked and organized the proposals based on the following criteria:

- Compliance with RFP Instructions
- IT Staff Augmentation Quality Assurance Requirements
- Compliance with Requisitioning, Rates and Billing Requirements
- Cost Effective Staff Role Billing Rates
- IT Staff Augmentation Expertise

After careful consideration, the review team will be including your company on the list of pre-qualified IT Professional Service Providers. A summary of the selected providers and the staff roles in which they are qualified to provide is attached.

The Oakland County Purchasing Division will be establishing new Professional Service Contracts with those providers who currently have staff onsite at Oakland County IT. In addition, all staff currently onsite at Oakland County IT will be retained at their current rate.

Future contracts will be established as staff candidates are selected through the requisition process. In addition, if you do not already have one, Oakland County IT will be distributing username and passwords to the web-based on line requisition system (Professional Services Requisition System).

Thank you for taking the time to prepare a response to this RFP. If you have any further questions regarding this matter, please feel free to contact the Oakland County Purchasing Division.
