

# Normal For You; Not For Everyone

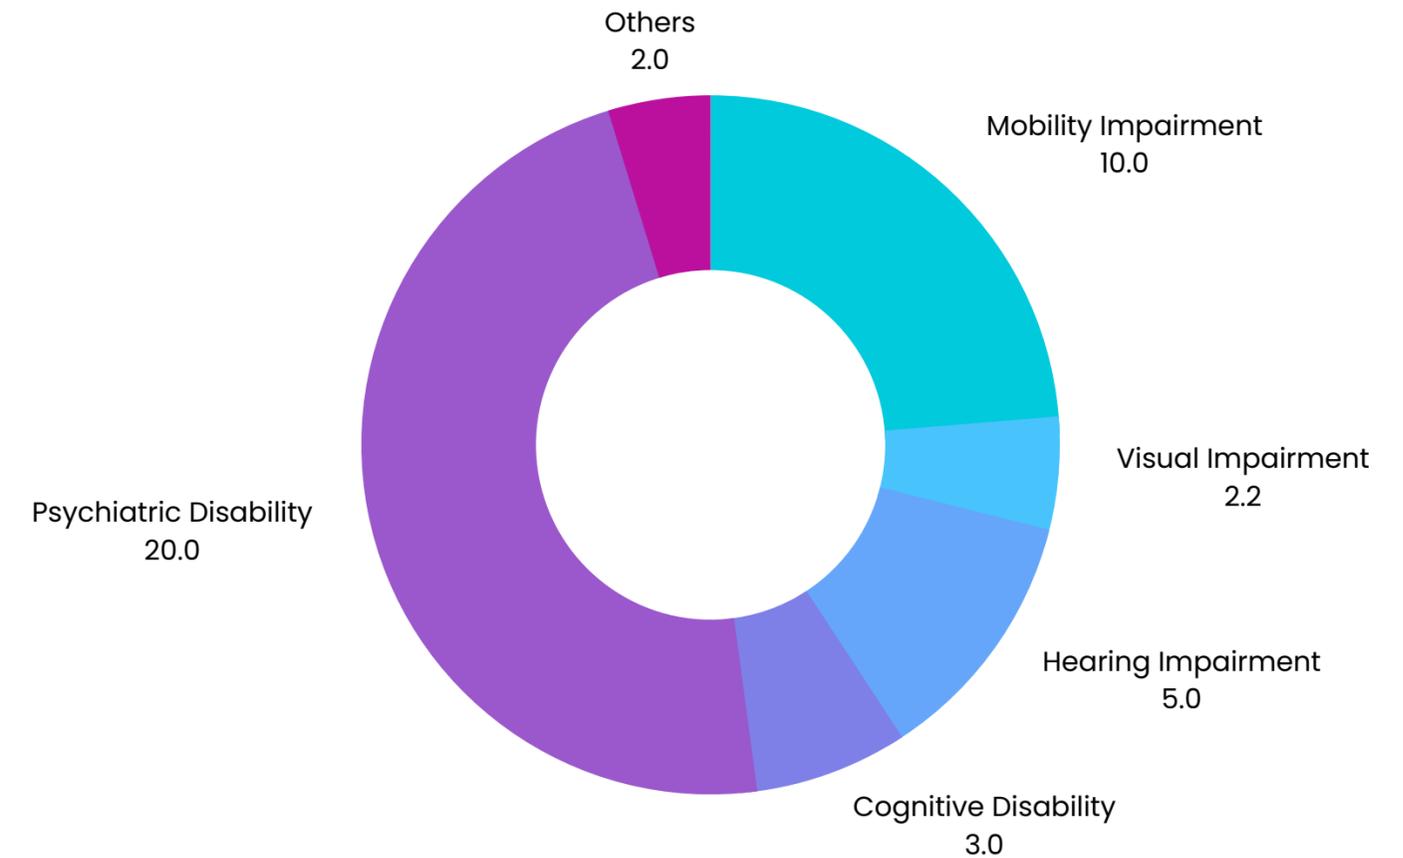

We Try and Close The Gap With **Digital Accessibility Consulting Services**

# 1.3 Billion People

## Suffer From Some Kind of Disability Globally

- **Mobility Impairment:** This includes disabilities affecting a person's ability to move or use their limbs effectively. It may result from conditions such as spinal cord injuries, amputations, or musculoskeletal disorders.
- **Visual Impairment:** Visual disabilities encompass a range of conditions, from partial sight to complete blindness.
- **Hearing Impairment:** Hearing disabilities refer to difficulties or complete loss of hearing.
- **Cognitive or Intellectual Disabilities:** These include conditions such as intellectual developmental disorders, autism, and learning disabilities.
- **Psychiatric or Mental Health Disabilities:** Conditions like depression, anxiety, bipolar disorder, and schizophrenia fall into this category.
- **Speech and Language Disabilities:** These can be due to various factors, including neurological conditions, developmental disorders, or physical impairments.
- **Neurological Disabilities:** Conditions like epilepsy, multiple sclerosis, and Parkinson's disease are considered neurological disabilities.

# 20% Increase In Expected Potential Clientele

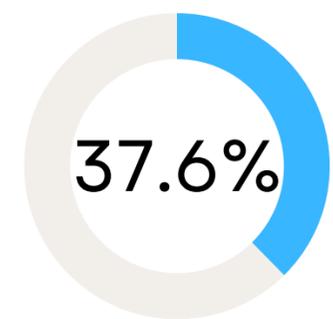

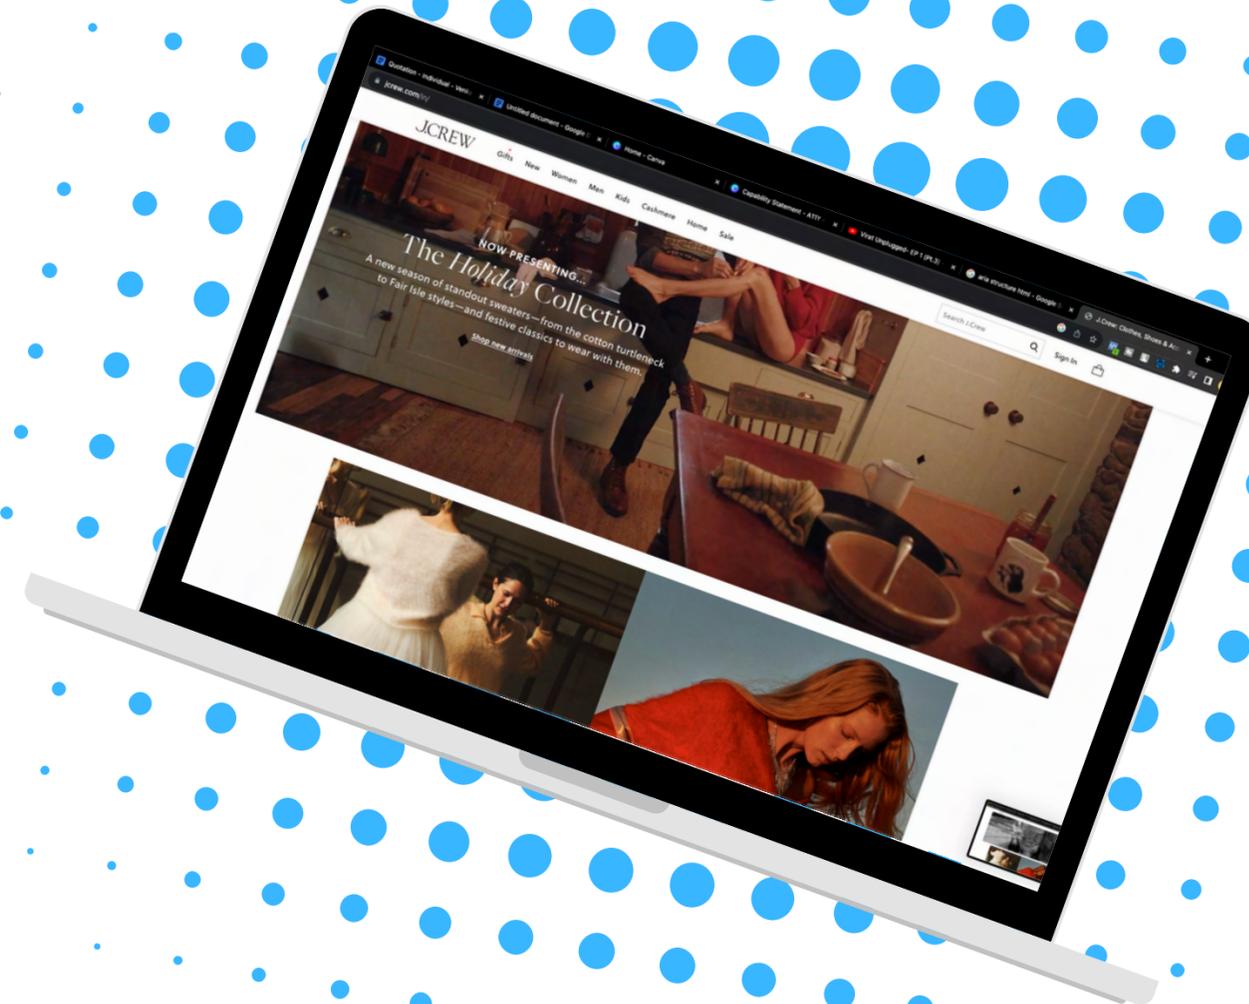

For **J.Crew** International After Making Their Website A11Y Friendly

PROBLEMS

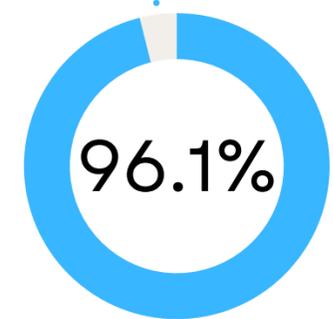

- Incorrect Form Fields
- Complex Validation Error
- Poor On-Page Navigation
- Mislabelled Interactive Elements
- Poorly Defined ARIA Roles
- Unresponsive Design
- Missing Input Controls
- Issues With Color Contrast
- Poorly Described ALT Text

SOLUTIONS

- Identified improper labels and altered them for all interactive elements.
- Configured the standard color contrast ratio of 4.5:1 for textual content and 3:1 for UI components.
- Reformatted the ARIA roles into more suitable appropriation.
- Audited the websites, suggested improvements, and implemented them across the website.
- Corrected the images as per A11Y norms, performed UI fixes, solved navigation issues, and more.

# We Do It By The Book

## When Making Accessible Products

by sticking to A11Y guidelines and compliances used globally.

- ✓ WCAG (Web Content Accessibility Guidelines)
- ✓ ADA (Americans with Disabilities Act)
- ✓ Section 508
- ✓ EN 301 549 (European Compliance Requirements for Digital Accessibility)
- ✓ AODA (Accessibility for Ontarians with Disabilities Act)
- ✓ RGAA (Référentiel Général d'Accessibilité pour les Administrations or General Accessibility Reference for Administrations)

# We're Easy to Work With

Choose from the diverse range of available engagement options and partner with us. Yes! It's that simple and straightforward.

## Pay Per Page

You're only charged based on the number of pages we work on. It's an economical way to start out with digital accessibility.

## Retainer Contract

You pay a fixed, predictable fee on a regular basis (e.g., monthly) to access our expertise and support continuously.

## Hourly Charge

The client pays for the actual time spent by the service provider, as well as the materials or resources used.

## Hybrid

Our Hybrid pricing model is all about customization. We blend different pricing methods to create a unique cost structure that suits your project
